## 7. Description Of Incident

I have been scored OCS and I believe that I was not OCS at go of race 5. At around 45 seconds to go I was on starboard tack sailing over the fleet towards the pin. When I was approximately 2/3rds of the way down the line or 8 boat lengths from the pin at around 10 secs I was on course side of the starting line. At this point I sailed down into a hole and then turned up and luffed now below the starting line with people now on both sides of my boat. I then accelerated with the people around me around 6 seconds and would say we from me down to the pin were all close to bow equal at go and at +1 and with a group to windward that was approximately 1 boat length back from the line.
