## 7. Description Of Incident

The opponents boat, did not give me room at the third mark(downwind mark). We were overlapped the whole time from the last quarter of the downwind leg. Reaching the mark we were still overlapped, but 223085 headed upwind closing my space to the mark. To avoid any collision or touching the mark I had to go strongly go by the lee. This was done because i was trying to give room the boat i was overlapped with.
