7. Description Of Incident

I was sailing downwind before the warning signal of start of race 6. I was on port tack. Leeward right in front of me was ITA 8861 also on port tack. Windwart right next to me was ITA 9462 on starboard tack. Both Boats were coming closer and I tried to keep clear. There was no space to jibe. ITA 8861 was abruptly hard luffing and crashed in the front of my boat. I wasn't able to keep clear because ist was so fast and ITA 9462 was in my war. From my point of view it was a planned action and I found it was very bad sportsmanship and completely needless.

8. Damage Or Injury

Seriös damage in front of the boat. Hole in the hull of approx 8cm diameter.
