Request:

Previous Crew: Kinga Loboda

New Crew: Marcin Tkaczyk

Hello,

We are a crew of 5, out of which we have 2 professional and 3 amateur sailors.

We would like to sail on Thursday in a team of 2 pro sailors (helm and girl on mainsail) and 2 amateur sailors, who has just started sailing.

We would like to sail on Friday in a team of 1 professional and 3 amateurs, as unfortunately our second pro sailor is weak and need to be substituted by a strong amateur person on mainsail trimming position.

Due to the fact that we have a begginers crew, we need to facilitate such change in order to be able to sail in harsh conditions and have more strength onboard and change our pro girl for an amateur stronger person.

Response: Approved

You need to submit crew change request for each following day when you need to change. If you need crew change for Friday you need to submit request Thursday after sailing.
