

Moth World Championship e Pre Worlds - Italian Series

Equipment Substitution Request

Received: 2021-09-05 02:00 CEST

Request No: 03

Boat: Moth - AUS 9 - Thomas Johnson

Request:

Old Equipment:

Small Main horizontal foil, mD3

New Equipment:

Identical small main horizontal, mD3 exactly the same as foil above.

Reason:

The flap was damaged after the 2nd day of Qualifying after I believe hitting something in the water whilst racing, the flap of the main horizontal is no longer attached and cracked this means the boat can no longer foil safely.

Response: Approved

OK, Change accepted.
