

2025 RenaissanceRe Invitational Junior Gold Cup

Equipment Substitution Request

Received: 2025-10-22 20:05 ADT

Request No: 01

Boat: Optimist - Ber 63 - n/a - Thomas McBain

Request:

Old Equipment:

I will need to change then boat as the issue is deeper than just changing the mast collar as the fiber glass is completely broken and is a deep problem.

New Equipment:

The new boat is a winner boat owned by the yacht club. I will need to use this boat for the rest of the regatta as the other boat wont beable to be fixed in the time frame.

Reason:

My mast collar has broken and is moving my mast. This is a big safety issue and is not able to be fixed in a day because it is a fiber glass issue which takes more than a day to fix.

Response: Approved

Permission granted to change boat.

James Hynes RO
