**Request No:** 03

**Boat:** Class A (13.550 > CDL > 11.270) - Ita45016 - Blue sky - Claudio Terrieri

### Request:

**Old Equipment:**

**New Equipment:**

**Reason:**

I made a mistake while filling in the fields for issuing the measurement certificate: I selected "adjustable (NMP)" for "base of mast", while I do not have any electrical device to adjust the mast tension, as detected by the measurer Loretano during yesterday's measurement checks (09/05/2026). Is it possible to correct my certificate, please? Thank you.

Best regards

Claudio Terrieri
