

J70 Corinthian World Championship

Equipment Substitution Request

Received: 2026-05-29 11:45 CEST

Request No: 09

Boat: J/70 - Corinthian - 725 - Celestial - Sam HAYNES

Request:

Old Equipment:

We are still using our broken engine

New Equipment:

We could not find a replacement. This is a formality to indicate damaged equipment.

Reason:

Engine leaking and only starting sometimes. No obvious fix and we are worried we cannot fix it. We haven't been able to find a replacement for today. We are only submitting an equipment substitution form because the boat damage report isn't working.

Response: Approved

I will approve that you sail without a working engine. You are not entitled to request outside assistance because of broken engine before the end of the last race
