

Cadet World Championship

Equipment Substitution Request

Received: 2026-08-06 15:58 CEST

Request No: 37

Boat: CADET - WORLDS - NED 10142 - Wicked Girl - Madelein Klaassens

Request:

Old Equipment:

Carbon rudderhead from Synergy Marine.

New Equipment:

A steel rudderhead, lent from an english boat.

Reason:

Rudderhead replacement

With the wind during the second race today, we capsized. While being capsized our boat kept rocking on the waves. While rocking on the waves the part where you put the pin through so it stays attached to the boat has cracked. We will need a complete new rudderhead.

Response: Pending

Damage inspected. New equipment to be inspected prior to racing tomorrow. New equipment inspected and approved.
