#### **Notice:**

The Notice of Race [NoR] 7.2. has a placeholder day in the schedule to allow for a down day [weather day] and to still meet the number of races in the schedule [NoR 7.3]. *"Race Committee reserves the right to schedule racing on the Weather Day. The change in schedule will be posted by 2000 the day prior."* As we have effectively used the down day, **Race Committee's intention is to have competition on all remaining days of the event.**
