Practice Starts this week!

Source: Race Committee

Published: 2024-06-11 11:36

Notice:

our Sailing Committee has organized Practice Starts followed by a short practice race on Tuesday June 11 and Thursday June 13. These races will not be scored nor do they count towards the Series results. There will be prizes and beer!

If you do not need practice, please consider participating anyway to help our newer racers and crew get some experience. Or consider bringing a new racer out with you and show them the ropes.

Sailing Instructions are as follows, assuming that most racers participate. Race Committee will make adjustments as needed (VHF channel 71).

- Start will be at Mark 0. 6:30 pm as usual.
- We will run the full starting sequence for all starts.
- Boats should continue sailing to the upwind mark, and then return to the starting area (Race Committee will abandon). This should provide enough time for the subsequent starts to go.
- 7:00 pm: Starting sequence will be repeated, boats again should sail to the upwind mark and return to the starting area.
- 7:30 pm: Third start sequence goes, and now sail to upwind mark, to opposite side downwind mark, and finish at a line formed by Sarah and 0 mark - so upwind finish
