Description

Good evening, dear judges. We have been preparing for the regatta for a whole year and decided to take part. Yesterday, we took first place, understanding that at every stage there is a degree of luck. During the second stage of the race, we encountered unsportsmanlike behavior by our colleagues. Due to the fact that we did not have a red flag, we were not able to file a protest right away.

On the cape of the island of Nishida Guali we were connected to a yacht, we were downwind, we were on one tack, the yacht began to bear away and approach us, I shouted to the captain that I had someone else's tack and I had the advantage of downwind. He continued to bear away and force me to turn. I moved away and began to go around him on the windward side, there were 100 meters to the rock of the island, the opponent began to bring me and climb along the top despite my obstacle. In addition to the above, if necessary, there is a video.
