7. DESCRIPTION OF INCIDENT

Right after the starting signal about 200 meters away I was sailing on starboard tack. 209951 was also starboard to leeward of me about 2 boat lengths away and a little ahead. 209951 tacked on port and was sailing on port tack. I was holding my course on starboard. I hauled 2 times "eo" but there was no response. When I realized that 209951 wasn't doing any effort to keep clear I tried to tack but i couldn't avoid contact between the left side of my bow and the right side of the other boat where the mainsheet is.
