## Question for Officials

**Date: 2022-06-30**

**Question No: 05**

**Question For: Technical Committee**

**Question:**

I previously submitted a question and realized I submitted it under race committee and I have realized it should be submitted under technical committee.

My questions were:

I am scheduled for a 1-3 time slot for registration. My team is practicing at 12. Would it be possible for me to register in the 3-5 time slot?

Also my yacht club affiliation does not show up on the list of competitors page. I went to my profile info and it is listed there but it is not showing up on the list.

Lastly. My sail number does not match the boat I am sailing. I own the boat for the sail number that is on the sail. I am just not using that boat for this regatta. May I please have an exception to have my number 218108 on my sail.

Thank you
