

Waszp Games 2022

Question for Officials

Date: 2022-07-12

Question No: 01

Question For: Race Committee

Question:

question to the IJ to reconsider notice of race 15.4 (c) and SI 18.3.

The Waszp boat is subject to some breakages that are no fault of the sailor or the owner of the boat (for example the reversing lever screw breaking, it also happens to the new model).

If the current scoring system is followed someone who breaks during the final is at big disadvantage compared to someone who breaks during the qualifying series.

Can the IJ please take into consideration modifying the scoring system to give a better chance to everyone?

Answer:

The responsibility of the Race Committee is to publish the Sailing Instructions as required by rule 90.2(a) RRS, so therefore this responsibility does not involved the Protest Committee. The Race Committee will score the series and regatta as per the *rules*.
