Question No: 06

Question For: Race Committee

Question:

Hi. We picked up a new jib from North which had the wrong sail number (IRL1758) and they are correcting it to GBR1758 tonight. We're registered under IRL 1758 which I'd like to change to GBR1758. Please confirm that's ok and let us know if we need to do anything else to register the change. Thanks

Answer:

Noted - no need for further action on your part.
