Question for Officials

Date: 2023-05-20

Question No: 01

Question For: Race Committee

Question:

Dear Race Committee,

As a Thailand Team representative, there are some feedbacks from sailors that we need your support. On launching time, our sailors have experienced that the racing area is very long distance and it took long way from the shore to the starting line. Thanks for supporting from Hong Knong team coach today that pull the boat to the race on-time today.

Therefore, I would like again to request for any support boat from race committee or any parties that we can attend to then we can run through the race tomorrow smoothly. We will be very much appreciated from your side.

Optimist THA 639 , THA 944, THA 8661, THA 288, and Laser 999

Best Regards,
Aksika
