

MMNRT II Veloce

Question for Officials

Date: 2023-11-03

Question No: 03

Question For: Race Committee

Question:

Hi I'd like to submit a request to change the rig tension, thanks

Answer:

Teams can adjust rig tension only as follow: V1 between 50 e 65; D1 between 25 and 38; Forestay and D2 shall not be changed. All the tensions ranges are established with a Loose & co 7/8mm tool
