Question for Officials

Date: 2024-06-08

Question No: 02

Question For: Race Committee

Question:

the maximum number of qualifying races is 9 as written in the SI 20.1, but what is the minimum number for the qualifying stage as required by appendix J1.3 (5) of the RRS. Can it be assumed that SI 20.5 clarifies this point?

Answer:

No. RRS J1.3 (5) does not require to state a minimum number of races for the qualifying stage. Therefore SI 20.5 fulfills the requirements of RRS J1.3 (5).
