

WingFoil Racing World Cup Morocco

Question for Officials

Date: 2025-03-18

Question No: 02

Question For: Technical Committee

Question:

Hello,

Concerning wings without windows (and specifically Fusion V1 wings from Ozone), what are the allowed competitions for this year?

If not, can I install windows of the required size on the canopy of these wings by my sail-repairer and then be able to participate to all the events of this season?

Best
