

The International One Metre Class European Championship 2025

Question for Officials

Date: 2025-04-11

Question No: 01

Question For: Protest Committee

Question:

Dear all, I would like to have your answer regarding the definition of the term disabled in Appendix E of RRS in relation to the redresses. Namely, is the boat which is entangled on the start with right of way for app. 30 seconds and after the separation from other boat continued to sail and finish the heat entitled to redress? I am asking this because I was told by the jury member during last IOM National Championship that such boat is not entitled for the redress. I have at least two situation on the starts during this event and I didn't asked redress based on the above mentioned. Thanks for your time and expetise on this matter.

Answer:

Answer given through Q&A notice 1
