

43° Lake Garda Meeting Optimist

Question for Officials

Date: 2025-04-17

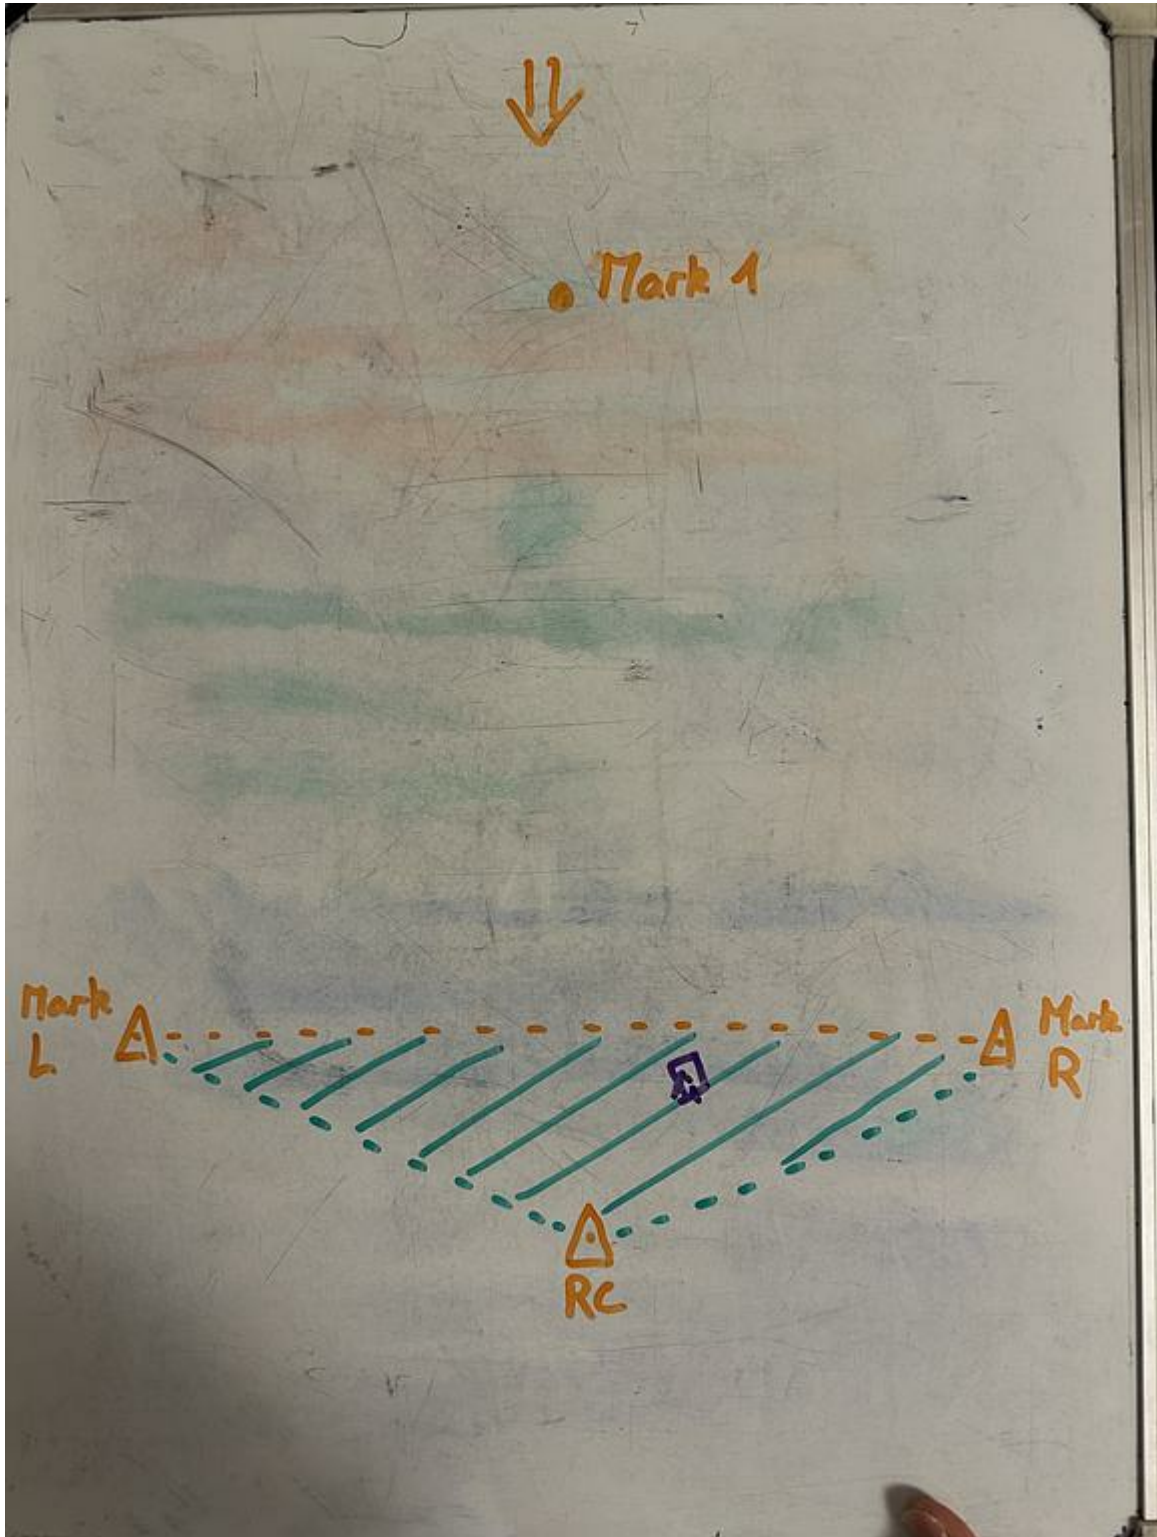

Question No: 01

Question For: Race Committee

Question:

SI. 13.1 and 13.8:

The ends of the line is defined as mark L and mark R. The RC need not be in line with L and R. If the RC drifts downwind, this means that sailors are allowed to sail above the RC and not be U-flag or black flag disqualified in the last 3 min. (Example, on the diagram attached, the optimist in purple is not considered black flagged when he or she is in the green hatched area).

Please confirm that this understanding is correct?

Answer:

Thank you for the question. An amendment will post asap to correct SI 13.1
