

43 Copa del Rey MAPFRE - ORC European Championship

Question for Officials

Date: 2025-07-26

Question No: 14

Question For: Race Committee

Question:

Our owner seeks permission to take a family member as a guest each day in addition to our ORC sailing crew.

This person would sit at the stern, not hiking with feet inboard on the foot chocks. They would not participate in sailing the boat in any way.

We would advise the persons details each day for safety, and increase our safety equipment accordingly.

Would this be possible?

Regards
Ross Vickers
Navigator
Musica.

Answer:

Any person on board during a race is considered part of the crew and, therefore, included in the total crew weight. If a person embarks, their name must be included in the official crew list submitted to the Race Office.
