Question for Officials

Date: 2025-09-08

Question No: 04

Question For: Race Committee

Question:

In between races in a regular W/L day, is the shore team allowed to get onboard to sort any boat issues?

Answer:

From the RC perspective, once a boat has finished, it is possible for members of the shore team to be onboard in between races. However, all other rules relating to boat equipment, crew, and sails need to be adhered to whilst the boat is racing.
