

J/24 World Championship 2025

□ Question for Officials

Date: 2025-09-11

Question No: 07

Question For: Race Committee

Question:

Race 2 (race 1 of 10/09/2025): Race Committee AP'd the race after the start and stated on the radio that they identified 7 OCS boats but couldn't identify all OCS boats. This race was started under black flag, why has the race committee not disqualified the boats identified? Why did they AP and not general recall? The AP seems to be because they couldn't identify everyone.

Answer:

The race committee followed the procedure as allowed by the rules.
