Question:

Question regarding points and scoring

Results for moderns black group yesterday shows us in 2nd place after nanoq OCS but we score 3 points instead of 2 points ?

This also happened on race 2 where 7th place Vudu also OCS moved to 12th but our points stayed at 9

We now carry 2 more points than we should which we believe may effect the overall results in the end

Many thanks
Fikret

Answer:

In accordance with SI 12.10 OCS boats receive a penalty of 5 places from their position in the race DPI. Once the penalty has been applied, the original place is not awarded to the next boat, which remains in this its position in the race and receives the points for that position.
