Question No: 01

Question For: Race Committee

**Question:**

Good morning,

We have two questions regarding the course:

1. The section from Agathonisi and Mykonos. According to sailing instructions we must leave islands Agathonision, Strongylo, Piatos and Patmos to port. Northwest of Patmos there is a small island Anydro. The SI do not pose restriction leaving Anydro to starboard, however, the course map "curves" the route as if leaving this island to starboard. **Are we allowed to leave island Anydro to port?**

2. The section from Mykonos to Kea. Can we leave island Yaris to starboard? The course map shows the route leaving island Yaros to port, however the SI do not pose such restriction. **Can we leave island Yaros to starboard?**

---

**Answer:**

1. Restrictions are written in the Sailing Instructions. There is no restriction for Anydro. The island is more than 2.5 nm from Patmos and it is considered to be part of it.
  2. There is no restriction for island Yiaros
