Question for Officials

Date: 2026-02-27

Question No: 01

Question For: Race Committee

Question:

Checking that you are using my 2026 ORC cert. The number I see in registration list and class breaks is 1.2297, which is from my 2025 cert. My 2026 cert is 1.2296. ORC Ref 04560004EUW. Thanks

Answer:

I will check on the ratings tomorrow. The scoring program is supposed to pull in the proper rating based on the wind range that I pick. If it gets it wrong, then there's a possibility there is a software error, and we'll have to talk to our vendor.

Please let me know tomorrow after the race if everything is correct or not, and I will continue to work on getting it fixed.
