**Question No:** 03

**Question For:** Race Committee

**Question:**

Because I was bored, I went through the racesense data for the 7.5 fleet specifically and scored the 7.5 boats in order of first leeward mark rounding for boats who finished after the finishing window. I will bring this to my hearing tomorrow but I will attach it here if helpful. Scores boxed in bottom right corner are corrected how I believe them to be. Thanks.
