

2026 ORC World Championship

Question for Officials

Date: 2026-05-10

Question No: 12

Question For: Race Committee

Question:

Dear Race Committee, We kindly ask to view the ECMWF weather model that was used for the Offshore Race scoring calculations, for example through weather charts or a running version of the forecast adopted for the rankings.

Answer:

The process for issuing the ratings in accordance with the forecast cannot be changed. We believe that everything was done correctly.
