**Question No:** 17

**Question For:** Technical Committee

**Question:**

We are super sorry to inform that we miss to communicate that our A3 Wich Is already labeled in the 2026 world championship was from the old owner of the boat, so the sail numbers are different from the other sails, we'd tried with the sailmaker to change it but it's painted and the job was impossible with out change the shape of the sail.

The number on top of it is:

FRA53422
