

2026 RCYC Tuesday Mid Week Racing

Question for Officials

Date: 2026-05-20

Question No: 01

Question For: Race Committee

Question:

It seems that not everyone understands that they must be registered, with a valid certificate, to participate in the Tuesday night racing.

When I checked the results last night, I saw that Bangalore had not been scored, nor did it appear on the entry list.

Last night Bangalore came to the start, and was a factor. Mid race she interfered with us (FRA 40) in a close encounter as they challenged us, a boat length apart, at the weather mark at full speed on a breezy night.

They sailed the entire course, actively participating throughout.

The rule is clear, a yacht must registered to race, please advise how and when this will be enforced.

Thanks, David.

And thanks for your hard work on a windy, busy night.
