## Question for Officials

**Date:** 2026-05-26

---

**Question No:** 01

**Question For:** Organizing Authority

**Question:**

Would like to request permission to transfer critical spare parts between races when it is a two race day. We feel it is important to make sure the boats are always able to sail each race. We have many spares onboard but obviously can't have every piece.

---

**Answer:**

The point has been noted, and Sailing Instructions changed.
