## Question for Officials

**Date:** 2026-05-27

---

**Question No:** 04

**Question For:** Technical Committee

**Question:**

Galateia requests permission to check a spinnaker after racing today that was badly ripped yesterday and repaired during the night. The spinnaker would be in the support boat during racing and then transferred to Galateia after racing to hoist and check.

---

**Answer:**

Permission granted. Please do not transfer any other sails to or from the support boat before returning to the dock, where equipment inspection may be carried out considering this additional sail.

---
