Question for Officials

Date: 2026-06-02

Question No: 12

Question For: Organizing Authority

Question:

Good afternoon, we need to work on the bottom bearing of the rudder, we would like to ask permission to have person in the water in the harbour and work on it.

Best regards,
Michele Ivaldi

Answer:

There is no provision within the Notice of Race or Sailing Instructions for anyone other than the harbour master divers to swim/dive within the harbour for any reason. Furthermore, for safety reasons the Notice of Race prohibits diving or swimming outside the harbour. As such, the request is denied and we recommend to find an alternative method to inspect the bottom rudder bearing.
