

CYC Sound Wednesday Series - 2026

Question for Officials

Date: 2026-06-20

Question No: 02

Question For: Organizing Authority

Question:

Just double checking on the schedule for the Summer Series.

1) We start on Jul 8th, but in the past we skipped the week the RC & boat goes to Race Week. So is there racing on July 22nd? or did the Race Week find another RC and we do race Wednesday on the 22nd?

If we are off on the 22nd, then that would make on 4 races for the Summer Series, so is it extended a week to Aug 12th?

Answer:

We are scheduled to race the week of Race Week this year. There will be many J105s at RW, but we are still holding races.

I (Charley) will not be there, but there will be a substitute PRO.
