Question for Officials

Date: 2021-08-28

Question No: 01

Question For: Race Committee

Question:

The majority of the Diam 24 are moored at Fiera di Genova, Padiglione B Jean Nouvel.

This is why the crane (used to launch the Diams) could be used just there and because the boats have more space once afloat.

We need 20' to move from the Race Village to the Padiglione B (by rib).

The proposal it's to have the Trac Trac devices 2hours before the starting signal for the Diam 24 od.

thanks

Answer:

Granted from 2h before starting time at race village
