

european fireball championship 2021

□ Question for Officials

Date: 2021-09-13

Question No: 02

Question For: Race Committee

Question:

Hi, I noticed in the results that a number of boats travelled a long way for the championship and scored DNF in both races today since they were outside the time limit. I don't feel this is in the spirit of the class and so I suggest that the time limit for the last boat is extended for future races.

Answer:

Hi, goodmorning! We've just published a notice about time limit. It will be extended from 15 to 20 minutes.
