

2021 World Sailing Youth Championships

Question for Officials

Date: 2021-12-14

Question No: 05

Question For: Technical Committee

Question:

Teams who use their own tiller extension, are coaches allowed to bring a spare tiller extension on the coach boats? Since the original supplied 29er tiller doesn't fit with our joints.

Answer:

29er Class Rules in C.8.1 are permitting changes to the tiller extension. Coaches are allowed to bring a spare tiller to the coach boat if not using the supplied tiller extension.
