## 7. Description Of Incident

I was sailing on starboard towards the start line, then when there where missing 10 seconds to start a drone( of the organization) hit my kite braking 3 set of bridles. I had to abandon the race and go back shore. Unfortunately it wasn't fixable so I had to go out on a 15m kite being in serious disadvantage from other riders that were on a 21m kite. Specially on race 19-20 that the wind dropped. On race 20 I started 1 minute later because I couldn't get foiling.

## 8. Damage Or Injury

3 set of broken bridles.
