## 7. Description Of Incident

The incident happened on the reach between buy number 4 and 5. Around 5 boat lengths before the Mark number 5, the italian boat was under me and in front, with the slovenian boat Behind me and under me. In the 5 boat lengths, the Italian boat heads down to put his center board down and therefore slows down. At that moment I carry on straight towards the mark and gain an overlap on the Italian boat. I then inform him that I have the overlap and that he must leave room at the mark for me to round. However he didn't take into consideration my overlap or what I told him and tries luffing me over the mark which doesn't work. At the moment of rounding the mark he suddenly closes the door leaving me no place than going into him.

## 8. Damage Or Injury

Some gellcoat damage on the bow of the boat.
