7. Description Of Incident

On race 4 of the green division I was in the left side of the course and the wind died and I wasn't able to sail anymore for the next 10 minutes. The wind came back after a 40 degrees shift from the right.

Boats on the middle went reaching to the top mark and tried to move to the wind with out any wind.

Boats that rounded went on downwind to the reach mark and then on reach to the gate.

On the last upwind which was super short the wind died again and I was able to cross the finishing line after a slow upwind.

This was definitely an unfair race for me as I was stuck without the possibility of competing with the rest of the fleet.

8. Damage Or Injury
