7. Description Of Incident

After the start, while most of the fleet were sailing on starboard (including me, ESP-196721), NED-218712 had tacked into port tack. I started to call for starboard room but as I saw the other boat (NED-218712) not doing any reaction to avoid the collision, I needed to duck and go behind NED-218712 to avoid the collision.
