7. Description Of Incident

We had a port/startboard contact during cascais Vela. The boat got damaged on the left rear corner and had to be taken out of the water on the 29th in the morning. Unfortunately the work won't be finished in time to be able to put the boat back in the water on time (8pm on the 29th) and will need to be craned on the next morning (on monday 30th of august).

8. Damage Or Injury

Back left corner of the boat got damaged.
