7. Description Of Incident

I (crew) fell out of my sailboat and was swimming back to the boat. . I told them I did not need a break and was able to continue racing, but they said that my skipper and I had to retire from the current race (5th race), because the safety boat helped us. I asked if we were allowed to compete in the next race and they said that there were no other races for the rest of the day. There was a 6th race, but we could not compete as if we could not compete, because the safety boat told us we had to head in to harbour.
