7. Description Of Incident

I was overlap with other 2 boats to leeward , and they give me room, then at 1 meter of the mark when I was rounding I open to make a good rounding, on that moment at one (1) meter of the mark USA established a overlap by getting inside of me and the mark, he didn't have room and I try to avoid contact but because of the other boats that was giving me room it was impossible to avoid contact , we shock and I was stuck on his mainsheet for a while when we round and I lost a lot of places because I didn't have chance to get out of this situation since I was stuck in his mainsheet , further more USA have touch the mark. I request also a redress because I lot more than 10 places do to this incident. Thank In advance
