7. Description Of Incident

During the starting period of the 2nd Race about 30 seconds to go to start before the starting line I was downwind from Sailor 28, from Upwind the Sailors Foil touched my foil which damaged my foil. I could hear a clear sound of both of the foils touching. I was right of way.

8. Damage Or Injury

My Foil mast has a one centimeter whole from behind. It is damaged and will never perform the same. The Mat is clearly damaged. Photos of the damaged mast and the moment of touching will be shown during the protest hearing.
