#### *World Championships - Designation of Drivers for Qualification*

For the purposes of qualification for the World Championships, the person designated as 'Skipper' in the SailSys entry system will be taken to be the driver designated for qualification as required by *International J24 Class Regatta Regulations* Regulation 19, unless a different driver for qualification is advised to the Race Committee in writing before the start of the first race.

Drivers seeking qualification for the World Championships are advised to ensure strict compliance with the requirements of Regulation 19.4 which states:

*19.4. For Worlds Qualifying events, the event's OA shall require boats sailed by more than one driver to designate the driver for qualification at registration. The qualifying driver must be the one who starts, finishes and drives the first upwind and downwind legs of each race in the event.*

In the Regulation 19.4 the words 'each race in the event' will be taken to mean 'each race in the event that the boat finishes and that counts towards a boat's score in the event'.
