## 7. Description Of Incident

we were both of port tack i was leeward and ahead of 133 with an over lap. a starboard board approached i had to duck the boat but ensured i left enough space for 133 to also pass underneath. after the boat on start board past 133 went on a leeward course and crashed into me i had no time to avoid the collision.

## 8. Damage Or Injury

leading edge of mast damage and rear stabiliser. the ventilation and loss of lift was too much for me to continue so i had to go ashore missing the race. on the shore we managed to repair the damage enough to allow me to compete in the next races
