

## *J24 Class Australian Championships 2023*

*4 to 8 January 2023*

### ***Notice to Competitors***

---

#### *Question – Carriage of Water*

The protest committee has provided an answer to a question from a competitor as follows.

#### **Question**

Regarding the 2 L of water per person required to be carried, are people permitted to drink the water during the day or is it required to be preserved until after racing?.

#### **Answer**

Australian Sailing Special Regulations Interpretations include:

“The fresh drinking water carried on board under [the requirements] is a minimum requirement ensuring that a boat has sufficient water for the crew at the time the race starts.”

The protest committee for the J24 Class Australian Championships 2023 will interpret the requirement for carriage of drinking water in NOR 10.1 to be at the commencement of a day’s race session. Crew members may drink the water during the day. Drinking water may not be disposed of other than by drinking by crew members until after racing.
